

## Option 3

# Adventure 50:50

Relevant learning in real-life settings is what adventure is all about. However we know that sometimes the things you need to teach require some time in the classroom too!

This co-created school experience splits your time between self-led sessions and instructed activities. We believe in learning by doing and embedding knowledge through experience; we believe that education should be practical and hands-on wherever possible. In this school experience we work with you to design a programme that uses your curriculum expertise and our know-how in the outdoors to ensure that your pupils haven't just read about it – they've lived it.

Our activity sessions can either be used to directly support your work (eg trajectories based on archery competitions, or sedimentary geology based on a day of caving), or to help you deliver parts of a course which you cannot deliver yourself (eg running your own map skills orienteering sessions but asking us to deliver a climbing session). With either approach this is an opportunity to bring learning to life and create a truly bespoke programme tailored exactly to your needs.

- Two or four night residential
- Split programme between teacher led time and instructed activities
- Full board accommodation

## Why?

This school experience is for you if:

- you want to show pupils how subject skills can be applied in practice with real-life examples
- you want to inspire or reward learning by combining it with exciting activities
- you want to run a large part of your own programme with your own content, eg subjectbased, mentoring workshops, etc
- you want to benefit from our range of locations, facilities and activities
- you want the money you spend to go back into providing opportunities for young people

### WHERE:

Downe, Gilwell Park, Great Tower, Hawkthirst,  
Woodhouse Park, Youlbury, Fordell Firs,  
Lochgoilhead, Meggernie

Adventure 50:50 example programme							
	1	2		3	4		Evening
Day 1	Arrive			Shelter building	Orienteering	Dinner	Own Programme
Day 2	Own programme	Own Programme	Lunch	Own Programme	Jacobs ladder	Dinner	Own Programme
Day 3	Abseiling	Crate Stacking	Lunch	Depart for home			

## Our approach

Based in either our indoor lodges or a tented village with full catering and access to training spaces, this school experience is a mix between adventurous activity sessions and time that you design and deliver yourself. We call it 50:50 but really the split is flexible and could involve sessions following on directly from an activity, self-led fieldwork, or even be self-leading on one of our trails.

We know that we're good at what we do, but we also know that you are! As the expert in your own subject, your own pupils and your own school it can make sense for you to plan and deliver parts of the programme yourself – just let us know how we can help to deliver a truly engaging residential experience.

Exact activities vary by location, please contact your chosen centre for more details. Our minimum group size for this school experience is 20. If you've got a smaller group, please do get in touch and we'll do our best to accommodate you.

## What's included

- Fully catered three meals a day
- Indoor accommodation in our purpose-built lodges OR comfortable camping in our new tented villages
- One free teacher place for every 10 young people

## Cost

We're honest with our prices, everything you need is included – no added surprises when you arrive. Please visit [scoutadventures.org.uk](http://scoutadventures.org.uk) for more information.

Looking for even more flexibility? Get in touch to discuss other options – including self-catering or accommodation only.
